#### **A. Overview of Information Collection**

Title of Information Collection: Regional Analysis of Impediments Guidance for Sustainable Communities Grantees.

OMB Approval Number: 2501-0031.

Type of Request: Extension of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: HUD's Office of Sustainable Housing and Communities presently requires all Sustainable Communities Initiative (SCI) Regional Planning grantees to complete a Fair Housing Equity Assessment . The grantees each have the option of choosing to develop a Regional Analysis of Impediments (AI) in lieu of the FHEA, which (if prepared in accordance with the standards set forth below and in the Fair Housing Planning Guide) would fulfill the FHEA requirement as well as the HUD AFFH regulatory requirement for any participating jurisdiction or state that signed on. The option to prepare a regional AI also offers SCI grantees an opportunity to develop more meaningful deliverables while conserving resources and reducing duplication. This guidance, a written product

reflecting the information shared in the 2012 online webinars, will assist grantees in structuring their fair housing analyses.

Respondents: Sustainable Communities Regional Planning Grantees.
